

Infomap Communities in London, F=0.043 (Node color, size indicates stationary probability)

Directed Infomap Communities

Undirected Infomap Communities

Color scale for stationary probability:

Color	Value ($\log(1 + \text{stationary probability})$)
Dark Purple	~0.001
Medium Purple	~0.002
Light Green	~0.003
Yellow-Green	~0.004
Yellow	~0.006

Color scale for stationary probability:

Color	Value ($\log(1 + \text{stationary probability})$)
Dark Purple	~0.003
Medium Purple	~0.004
Light Green	~0.005
Yellow-Green	~0.006
Yellow	~0.010
